**Kerrie Powell Clinical Psychologist 9977 6887**

Clinical psychologists hold post graduate qualifications. They are registered mental health practitioners who provide an alternative to and/or adjunct to psychoactive drugs, relying on their knowledge and expertise as behaviourists. They are solution focussed problem solvers, skilled in the use of strategies and techniques for the management of behaviour. Members of the Clinical College of The Australian Psychological Society are bound by a Code of Ethics as to confidentiality. Psychological services provided by Registered Psychologists as general practitioners and Members of the College of Clinical Psychologists of the Australian Psychological Society as specialist practitioners are now covered by Medicare, thanks to the initiative of the present Federal Government. Referral by a General Medical Practitioner implementing a mental health care plan is required.
